

Awarded to

Impact Digital

Total Offset: **4,169.20 tonnes of CO2-e**

Your contribution has resulted in Carbon Conscious Limited (CCF) planting 22,979 Mallee Eucalypt trees within the Australian Wheatbelt to offset 4,169.20 t/CO2-e.

The native Australian trees are planted on marginal land and will help reduce salinity and wind erosion on farms whilst contributing to the fight against climate change.

Carbon Conscious and Impact Digital - working together to reduce our impact.
